## WOOLLY WONDERS

**Fridays- Years 1-6**

Boys and girls enjoy the mindfulness that working with wool brings. This club, run by a local small business owner, is all about crafting with yarn, starting with a simple pom-pom, weaving, making decorations, and learning to crochet. The children learn skills they can carry on enjoying for years to come.

**Wool Wonders is so cool  
Making wonders out of wool  
Lots and lots of fluffy fun
