

Year 6's Weekly Celebration of Learning

26.06.20

Well done for another fantastic couple of weeks of learning! We have loved seeing your amazing photographs and reading your creative poems. Here are a just few of the brilliant things you have been up to - we were spoilt for choice!

Remember to keep practising your times tables and spellings everyday, whether you are at home or at school!

Language of snake

Teach me the language of sssnake;

Teach me how to slither.

Teach me how to slide.

I want to be a snake.

I want to know how to hide.

Teach my mouth how to hiss.

Teach me to never miss.

I want to hide in the grass,
 you won't see me when you pass.

I'd love to be a snake,
 my day that would make.

I travel left to right,
 and spring out to give a fright.

The language of horse

Teach me the language of a horse.

The slow, elegant walk,
 the loud neighing as they talk.

The big, round fearless eyes,
 To ignore the things that are passing by.

The eager pricked ears,
 And the courage that could last hundreds of
 years.

I would not like to learn the language of a
 rat,

Nor a bird or a bat.

Something bigger and majestic than that,
 Maybe a horse, yes. I like that.

Teach me the language of horse.

Forget Dog, Cat and even Mongoose,
those rubbish animals are of no use!
It's the slippery, slimy snake for me,
that's the animal I would like to be!

HC Beech

I am the girl who loves to go to the dentist
I am the girl who loves her teeth
I am the girl who loves the tooth fairy
And I am the girl who loves her gifts left
under her pillow.

I am the boy who loves to play tennis
I am the boy who loves to climb
I am the boy who loves to eat frozen
blueberries
And I am the boy who loves to eat sugar
snap peas.

I am the girl who loves horses
I am the girl who loves to go horse riding
I am the girl who loves my dog
And I am the girl who loves my cat.

I am the boy who loves to play tennis with
my friends
I am the boy who loves to eat food
I am the boy who loves to work out
And I am the boy who loves to sleep in
everyday.

I am the girl who loves my new dog
I am the girl who loves my frogs
I am the girl who loves my fish
And I am the girl who loves my friends.

I am the boy who loves to play football
I am the boy who loves to not annoy girls
I am the boy who loves to support
manchester united
And I am the boy who loves annoying his
brother.

This poem is about everyone and how we
don't all like everything the same as each

Teach me to love like a horse,
Teach me to care like a horse.
Teach me the bravery of a horse.
I want to learn the language of a horse.

**The Fish was in the sea playing on an App,
When I fished him out the water to see if
he could rap.
Fish can you rap? Can you rap? Can you,
fish?
And he blew out a bubble and said to me,
man,
I'm the best rapping fish this world's ever
seen
I'm a ship-shape, deep-dive, rap-rap king.
And he put down his phone on the deck of
the boat
And he started to rap with a splish-splash
note
And he flapped his fins and he twerked his
tail
And as he flopped around this is what he
said,
I'm the best rapping fish this world's ever
seen
I'm a wit-wet, drip-drop, rap-rap king
Then he rapped up the rigging and he
rapped down the alley
He rapped past me and the Captain in the
galley
He rapped down the plank, leaping with a
spring
Listen to the rapping of the rap-rap king
He's the best rapping fish this world's ever
seen
He's a flip-flop,
Ship-shape
Deep-dive
Wit-wet
Drip-drop
Twerk your tail
Play the app
Bubble, bubble, bubble,
Rap __ Rap__ King.**

other and that our personalities are who we are and we can't change that.

IT IS OK TO BE DIFFERENT!

ELECTRICITY

- Electricity is what we use for most things but it can be dangerous! It depends how many volts it has but no matter what you should still be careful.
- We use electricity for our phones, TV's, Lights and much more daily usage.
- Water and electricity are not a good pair. If they mix it will most likely cause death so be careful.
- The main hazards with electricity are:
 - Contact with live parts causing shock and burns.
 - Faults in the circuit which could cause fires.
 - Fire or explosion where electricity could be the source of ignition in a potentially flammable or explosive atmosphere, e.g. in a spray paint room.
